

## **ACKNOWLEDGEMENTS**

This dissertation has been successfully complete because of the researcher got helpful from several persons. Since Ministry of Justice officials and controller officials at many Juvenile Observation and Protection Centers who helped the researcher to collect data from juveniles that were imprisoned in each Juvenile Observation and Protection Center. The last were Juvenile and Family Court judges and probation officials who gave data to this study.

The researcher would like to express sincere thanks to my committees, Professor Dr. Suchart Prasith - ratsint and Associate Professor Dr. Kanikar Sookasame who suggested the researcher to use Structural Equation Modeling (SEM). This research methodology has been useful to this study so much. Thanks for suggestion and giving high spirits to be patient all times until the study finished.

Next, the researcher would like to thank Professor Dr. Santad Sermsri, my committee and Associate Professor Dr. Pachitjanat Siripanich, my major advisor who gave the best suggestion and times to advise the researcher until this dissertation has been rightly and completely finished. And thank is also dedicated to every one who taught at National Institute of Development Administration for gave the good knowledge. And special thanks are due to my brother, my sister and my friends who helped the researcher in everything.

Last but not least, the researcher would like to express sincere thanks and gives all success from this study for Mr.Chaloey Mainoy, my father and Mrs.Rumpeung Mainoy, my mother and thanks for every cousin who wish to help the researcher all times. Especially, in final term of writing this dissertation that the researcher had difficulty until success without failing.

Police Major Sakkarin Mainoy
